

Project Mandate

Delivering a centralized School Management System that enables administrators, teachers, finance staff and parents to efficiently manage core academic and administrative processes through a single digital platform.

The aim is to replace manual, paper-based processes for student registration, attendance tracking, fee management, result processing, and parent communication with an integrated solution that improves data accuracy, provides real-time visibility into school operations, and enhances decision-making, stakeholder satisfaction, and overall operational efficiency.

EP-003	Fee Management	FE-007	Payment Verification	US-007	As a Finance Officer, I want to verify bank transfers before posting payments so that only confirmed payments are recorded.	Given a bank transfer payment is awaiting confirmation When the Finance Officer checks the payment status Then the system shall allow posting only if the payment is confirmed; otherwise, the payment remains pending.	Must Have	To Do
EP-003	Fee Management	FE-008	Receipt Generation	US-008	As a Parent, I want to receive a payment receipt so that I have proof of payment.	Given a payment has been recorded successfully When the transaction is completed Then the system shall generate a receipt with a unique receipt number and make it available for printing or email.	Must Have	To Do
EP-003	Fee Management	FE-009	Outstanding Fees Tracking	US-009	As a Parent, I want to view outstanding fees to pay before the beginning of each term so that I plan accordingly	Given the Parent is logged into the portal When the Parent views the fee statement Then the system shall display total fees to be made for the term	Should Have	To Do
EP-004	Result Management	FE-010	Score Entry	US-010	As a Teacher, I want to enter assessment and exam scores so that student performance can be calculated.	Given the Teacher selects a class and subject When valid scores are entered and saved Then the system shall store the scores successfully.	Must Have	To Do

EPIC ID	EPIC NAME	FEATURE ID	FEATURE NAME	USER STORY ID	USER STORY	ACCEPTANCE CRITERIA (GHERKIN FORMAT)	PRIORITY USE MOSCOW OR L/M/H	STATUS
EP-004	Result Management	FE-011	Automatic Grade Calculation	US-011	As a Teacher, I want the system to calculate totals, averages, and grades automatically so that errors are reduced.	Given student scores have been entered When the Teacher saves the scores Then the system shall calculate totals, averages, and grades automatically.	Must Have	To Do
EP-004	Result Management	FE-012	Result Approval	US-012	As an Admin, I want to review and approve results before publication so that only validated results are released.	Given results have been submitted by the Teacher When the Admin approves the results Then the system shall mark the results as Approved and make them available for publication.	Must Have	To Do
EP-004	Result Management	FE-013	Result Publication	US-013	As a Parent, I want to access my child's results online so that I can monitor academic performance	Given results are approved When the Parent views the result portal Then the system shall display the student's published results.	Should Have	To Do
EP-005	Communication Management	FE-014	Automated Notifications	US-014	As an Admin, I want to send automated notifications to parents so that they receive timely updates.	Given a trigger event occurs (attendance, fee, or result update) When the system processes the event Then the system shall send the relevant notification to the parent.	Should Have	To Do
