

BUSINESS REQUIREMENTS DOCUMENT (BRD)

School Management System

1. Document Overview

1.1 Purpose

This document defines the business requirements for a School Management System (SMS) to automate and streamline administrative, academic, and financial operations.

1.2 Scope

The system will support:

- Student Registration
- Fee management and enforcement
- Attendance Management
- Result Management
- Notifications

1.3 Stakeholders

- School Administrators
- Teachers
- Students
- Parents/Guardians
- Finance Team
- IT Team

2. Business Objectives

- Improve operational efficiency and reduce manual work
- Ensure accurate academic and financial records
- Enforce strict fee compliance policies
- Provide real-time visibility of school operations
- Improve communication across stakeholders

3. High-Level Process Flows

3.1 Student Registration & Class Assignment

1. Student Registration

2. Student Profile Creation (Unique ID generated)
3. Fee Invoice Generated
4. Fee Payment (100% required)
5. Payment Verification
6. Class Assignment (only after full payment)

3.2 Fee Management Flow

1. Define Fee Structure
2. Generate Student Invoice
3. Record Payment
4. Validate Full Payment
5. Enable Academic Access

4. Functional Requirements

4.1 Student Management

- Register and manage student profiles
- Generate unique student IDs
- Maintain academic and payment history

4.2 Fee Management

- Define fee structures
- Record and track payments
- Generate receipts
- Flag unpaid students

4.3 Class Assignment

- Assign students to classes ONLY after payment validation

4.4 Attendance Management

- Record and track attendance

4.5 Result Management

- Input and compute results
- Approve and publish results

4.8 Reporting

- Financial reports

- Academic performance reports
- Attendance reports

5. High-Level Use Cases

UC1: Register Student

Actor: Admin

Description: Admin registers a new student and system generates ID

UC2: Pay Fees

Actor: Parent/Finance

Description: Record full payment of student fees

UC3: Assign Class

Actor: Admin

Description: Assign student to class after fee validation

UC4: Record Results

Actor: Teacher

Description: Input student scores and generate results

6. Business Rules

1. A student must complete registration before accessing system services.
2. Each student must have a unique identifier.
3. Teachers can only access assigned classes.
4. Only authorized users can update financial records.
5. **Fee Payment Rule (STRICT):** A student must complete **100% fee payment** before being assigned to any class.
6. Students with unpaid fees cannot:
 - Be assigned to a class
 - Access academic records
 - Be included in attendance or results
7. Payments must be recorded before receipts are generated.
8. Results require admin approval before publication.

7. Data Overview (High-Level)

Key Entities:

- Student (StudentID, Name, Class, Status)
- Class (ClassID, Name)
- Subject (SubjectID, Name)
- Payment (PaymentID, StudentID, Amount, Status)
- Result (ResultID, StudentID, Scores)

Relationships:

- Student → Class (Many-to-One)
- Student → Payment (One-to-Many)
- Class → Subject (One-to-Many)
- Teacher → Subject (One-to-Many)

8. Acceptance Criteria (Key Features)

Feature: Class Assignment

- Student cannot be assigned if payment status ≠ FULLY PAID
- System displays clear error message for unpaid students
- System allows assignment immediately after full payment

Feature: Fee Payment

- Payment must update student status in real-time
- System validates full payment before status = "Cleared"

9. Non-Functional Requirements

- Role-based secure access
- Multi-user support
- Web and mobile accessibility
- Data backup and recovery
- Response time < 3 seconds

10. Assumptions

- Users have basic digital literacy
- Stable internet access is available
- Fee policy is strictly enforced by management

11. Constraints

- Budget limitations
- Implementation timeline
- Data protection regulations

12. Success Criteria

- Reduced manual workload
- Accurate financial tracking
- Improved reporting speed
- Strong enforcement of fee compliance

13. Approval
